

For more than 50 years, the Vintage Chevrolet Club of America (VCCA) has maintained its pledge to support the preservation, restoration and excitement of Chevrolets and GMCs. We welcome all Chevys and GMCs: vintage to contemporary, original or not.

While the VCCA does not offer class judging or other certification for vehicles whose modifications exceed those necessary for improved drivability, it has chartered a non-geographic chapter that does.

The Personalized Chevrolet Chapter offers a seat at the table for owners of modified Chevys & GMCs at nationally-recognized Area and Anniversary Meets.

PCC vehicles registered for judging need to be “visually representative” of the original. That means certain

restrictions are placed on non-Chevrolet engines or cut or missing body panels. This has the effect of disqualifying street rods and pro-street vehicles from judging awards. This is not to disparage such vehicles, but our new Chapter’s focus is on modified vehicles whose exterior appears mostly original.

### Personalized Chevrolet Chapter

#### Mission Statement

The mission of the non-geographical Personalized Chevrolet Chapter (aka PCC) is to promote expanded interest in the National organization by encouraging the inclusion of Chevrolets & GMCs that have been personalized for the purpose of improved safety, comfort, performance or simply to adapt the vehicle to the individual tastes and interests of its owner. The PCC is intended to enhance the interest of existing VCCA members, attract new members, promote fellowship and encourage family participation.

## Who We Are

In 2014, the National VCCA organization chartered the non-geographic Personalized Chevrolet Chapter (PCC) to provide the opportunity for members with modified Chevrolets and GMCs to more fully participate in the events sanctioned by the VCCA. All VCCA members are invited to join our Chapter so that they may register their “rides” at Area and Anniversary Meets where our Chapter is invited. PCC members (and only PCC members) may register their rides for PCC judging or display.

PCC members also receive online versions of our newsletter, MY WAY, which contains updated information on upcoming VCCA events and new judging practices, and features a different member’s ride in each issue.

## PCC Judging

The Personalized Chevrolet Chapter provides the opportunity for its members to receive Junior or Senior awards based on a 1000 point judging system. The point system is used to

assess both the condition of the vehicle and the degree of creativity, engineering and fabrication used in its personalization.
